

LED Round Court Fixture

The Energywise Round Court Fixture is purpose-built for indoor court environments, offering high-output performance and energy efficiency with precision lighting control. Designed to shine most of its light directly downward, it effectively illuminates court surfaces while minimizing wasted light, enhancing visibility for play without glare or spill. A specially engineered reflector redirects approximately 15% of the light upward, helping to reduce the “cave effect” and maintain balanced ambient lighting across the space. With Select-n-Switch technology for 3-CCT and 3-power settings, this fixture provides maximum flexibility and performance for sports courts, gymnasiums, and other high-ceiling indoor environments.

SPECIFICATIONS

PART #	EWENLED-HB-RCOURT
SIZE	11" or 13.4"
FIXTURE COLOR	WHITE OR BLACK
WATTAGE	60/100/150W or 180/210/240W
INPUT VOLTAGE	120V - 277V
LUMENS	9000/15,000/22,500 or 27,000/31,500/36,000
DIMMING	0-10V
CCT	Field Select 35K / 40K / 50K
BATTERY BACKUP	EMB OPTION
ENVIRONMENT	WET LOCATION RATED
LIFESPAN	> 70,000 HOURS
WARRANTY	5 YEARS
BEAM ANGLE	90 DEGREES
MOUNTING	CEILING MOUNT
